Dear Brother Covington:

Just received your April 14, 1960 letter today. I have never had a deferred classification such as 4-f, 3-a or 1-S. The only classifications which I have had were 1-A and 1-O, which have always been on appeal, in some cases, as when I received 1-A from the Presidential Appeal board, the case was reopened and consequently a new series of appeals taken.

To date I have had no further word from the draft board but will let you know immediately when I do.

Your brother,

Rich. (Dick) Davis
