Wenatchee, Washington

Re: RAWE, Richard Martin
45-22-34-183

Dear Sir:

The Cover Sheet of the above registrant, which was forwarded to this Headquarters on January 15 for transmittal to the Appeal Board, is returned herewith.

It is noted that the file contains a memorandum referring to reopening of the classification of this registrant on January 5. We should like to point out that the memorandum states "ther was no substantial change in the registrant's status". Although we do not disagree, we believe thzt said statement should be expanded inasmuch as there is no prior local board notation in the file to which the above phrase can directly be referred as precedent.

Yours very truly,

Charles M. Toynbee
