Local Board Meeting
Jan. 5, 1954

Rawe, Richard, M. 45-22-34-183

After postponing decision of above registrant's case, the local board at the direction of the State Director, reopened and considered anew the classification, and because there was no substantial change in the registrant's status since consideration of case by the Presidential Appeal Board, the decision of that board was affirmed and registrant continued in I-A classification.
